KWONG FONG INDUSTRIES CORPORATION AND SUBSIDIARIES

CONSOLIDATED FINANCIAL STATEMENTS AND INDEPENDENT AUDITORS’REPORT

MARCH 31 , 2024 AND 2023

INDEPENDENT AUDITORS' REVIEW REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of Kwong Fong Industries Corporation Limited

Introduction

We have reviewed the accompanying consolidated balance sheets of Kwong Fong Industries Corporation and its subsidiaries (collectively referred herein as the "Group") as of March 31, 2024 and 2023, and the related consolidated statements of comprehensive income for the three-month and three-month periods then ended, as well as the consolidated statements of changes in equity and of cash flows for the three-month periods then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" that came into effect as endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of Review

We conducted our reviews in accordance with the Standard on Review Engagements 2410 , "Review of Financial Information Performed by the Independent Auditor of the Entity" of the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of March 31, 2024 and 2023, and its consolidated financial performance for the three-month and three-month periods then ended and its consolidated cash flows for the three-month periods then ended in accordance with the Regulations Governing the Preparation of

Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” that came into effect as endorsed by the Financial Supervisory Commission.

Lai, Chung-Hsi   Chih, Ping-Chiun

For and on behalf of PricewaterhouseCoopers, Taiwan

The accompanying notes are an integral part of these consolidated financial statements

(Amounts in Thousands of New Taiwan Dollars, Unless Specified Otherwise)

1 。GENERAL

Kwong Fong Industries Group of Companies (henceforth the “Company”) was established in June 1968. The company and its subsidiary’s (henceforth collectively referred to as the “Group”) main business items include housing and building development and rental, real estate business, mall management, information software services, electronic information supply services, and so on. On April 20, 1976, KF’s shares were listed on the Taiwan Stock Exchange (TWSE).

2 。THE AUTHORIZATION OF FINANCIAL STATEMENTS

The accompanying consolidated financial statements were approved and authorized for issue by the Board of Directors on May 10, 2024.

3 。APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS

(1).Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards (“IFRS”) as endorsed by the Financial Supervisory Commission (“FSC”)

Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards (“IFRS”) as endorsed by the Financial Supervisory Commission (“FSC”) New standards, interpretations and amendments endorsed by the FSC effective from 2024 are as follows:

New Standards, Interpretations and Amendment	Effective date by International Accounting Standards Board
Amendments to IFRS 16, ‘Lease liability in a sale and leaseback’	January 1, 2024
Amendments to IAS 1, ‘Classification of liabilities as current or non- current'	January 1, 2024
Amendments to IAS 1, ‘Non-current liabilities with covenants’	January 1, 2024
Amendments to IAS 7 and IFRS 7, ‘Supplier finance arrangements’	January 1, 2024

Except for the following, the above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

(2).Effect of new issuances of or amendments to IFRSs as endorsed by the FSC but not yet adopted by the Group.

None

(3).Effect of IFRSs issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed by the FSC are as follows :

New Standards, Interpretations and Amendment	Effective date by International Accounting Standards Board
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets between an investor and its associate or joint venture'	
IFRS 17, 'Insurance contracts'	January 1, 2023
Amendments to IFRS 17, 'Insurance contracts'	January 1, 2023
Amendment to IFRS 17, 'Initial application of IFRS 17 and IFRS 9 – comparative information'	January 1, 2023
IFRS 18 "Presentation and Disclosure in Financial Statements"	January 1, 2027
Amendments to IAS 21, ' Lack of exchangeability'	January 1, 2025

Except as described below, upon appraisal by the Group, the standards and interpretations do not have significant impacts on the Group's financial situation or financial performance:

IFRS 18 "Presentation and Disclosure of Financial Statements"

IFRS 18 "Presentation and Disclosure of Financial Statements" replaces IAS 1 and updates the framework of the income statement, as well as adds disclosure of management performance measures, and strengthens the principles of aggregation and disaggregation applied to the primary financial statements and notes.

4 。SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1).Statement of Compliance

The consolidated financial statements of the Group have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and the International Accounting Standard 34, 'Interim Financial Reporting' that came into effect as endorsed by the FSC.

(2).Basi of Preparation

A.Except for the following items, the consolidated financial statements have been prepared under the historical cost convention:

(a)Financial assets and financial liabilities at fair value through profit or loss (Including derivative financial instruments).

(b) Financial assets at fair value through other comprehensive income.

B.The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3).Basis of Consolidation

A.The basis for the consolidated financial statements

(a) All subsidiaries are included in the Group's consolidated financial statements. Subsidiaries are all entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Consolidation of subsidiaries begins from the date the Group obtains control of the subsidiaries and ceases when the Group loses control of the subsidiaries.

(b) Inter-company transactions, balances and unrealised gains or losses on transactions between companies within the Group are eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Group.

(c) Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non- controlling interests having a deficit balance.

(d) Changes in a parent's ownership interest in a subsidiary that do not result in the parent losing control of the subsidiary (transactions with non-controlling interests) are accounted for as equity transactions, i.e. transactions with owners in their capacity as owners. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity.

(e) When the Group loses control of a subsidiary, the Group remeasures any investment retained in the former subsidiary at its fair value. That fair value is regarded as the fair value on initial recognition of a financial asset or the cost on initial recognition of the associate or joint venture. Any difference between fair value and carrying amount is recognised in profit or loss. All amounts previously recognised in other comprehensive income in relation to the subsidiary are reclassified to profit or loss on the same basis as would be required if the related assets or liabilities were disposed of. That is, when the Group loses control of a subsidiary, all gains or losses previously recognised in other comprehensive income in relation to the subsidiary should be reclassified from equity to profit or loss, if such gains or losses would be reclassified to profit or loss when the related assets or liabilities are disposed of.

B. The subsidiaries in the consolidated financial statements :

			Ownership (%)			
Name of Investor	Name of Subsidiary	Main business activities	March 31, 2024	December 31,2023	March 31, 2023	Description
Company	Pao Fong Asset Management Co., Ltd.	Asset Management	100%	100%	100%	-
〃	Kwong Fong Holdings Limitd	General investment activities	100%	100%	100%	-
〃	Mdbs Digital Technology Co., Ltd.	Service of software	51%	51%	51%	-
〃	Galaxy Digital Co., Ltd.	Service of software	51%	51%	51%	-

〃	Digital Securities Investment Consultant Co., Ltd.	Securities investment consultant	100%	100%	100%	

Note : On June 21, 2023 Thunder Wind Co., Ltd. filed for liquidation. The Galaxy Digital Co., Ltd., a subsidiary of the Group, acquired the original undertakings of the companies via business transfer. Thunder Wind Co., Ltd. were liquidated on March 29, 2024.

C. Subsidiary not included in the consolidated financial statements: None.

D. Adjustments for subsidiaries with different balance sheet dates: None.

E. Significant restrictions: None.

F. Subsidiaries that have non-controlling interests that are material to the Group: None.

(4).Foreign currency translation

Items included in the financial statements of each of the Group’s entities are measured using the currency of the primary economic environment in which the entity operates (the “functional currency”). The consolidated financial statements are presented in New Taiwan Dollars, which is the Company’s functional and the Group’s presentation currency.

A.Foreign currency transactions and balances

(a)Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss in the period in which they arise.

(b) Monetary assets and liabilities denominated in foreign currencies at the period end are re- translated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognised in profit or loss.

(c) Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.

(d) All other foreign exchange gains and losses based on the nature of those transactions are presented in the statement of comprehensive income within 'other gains and losses'.

B.Translation of foreign operations

The operating results and financial position of all the group entities and associates that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

(a).Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;

(b).Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period; and

(c).All resulting exchange differences are recognised in other comprehensive income.

<u>(5).Classification of current and non-current items</u>

A.Assets that meet one of the following criteria are classified as current assets; otherwise they are classified as non-current assets:

(a).Assets arising from operating activities that are expected to be realised, or are intended to be sold or consumed within the normal operating cycle.

(b).Assets held mainly for trading purposes.

(c).Assets that are expected to be realised within twelve months from the balance sheet date.

(d).Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to settle liabilities more than twelve months after the balance sheet date.

The Group classifies all assets that do not meet the above conditions as non-current.

B.Liabilities that meet one of the following criteria are classified as current liabilities; otherwise they are classified as non-current liabilities:

(a).Liabilities that are expected to be settled within the normal operating cycle.

(b).Liabilities arising mainly from trading activities.

(c).Liabilities that are to be settled within twelve months from the balance sheet date.

(d).Does not have the right to defer the settlement of the liability for at least twelve months after the reporting period

The Group divides all liabilities that do not meet the above conditions into Classified as non-current.

(6).Cash Equivalents

Cash equivalents, for the purpose of meeting short-term cash commitments, consist of highly liquid time deposits and investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(7).Financial assets at fair value through profit or loss

A.Financial assets at fair value through profit or loss are financial assets that are not measured at amortised cost or fair value through other comprehensive income.

B.On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognised and derecognised using trade date accounting.

C.At initial recognition, the Group measures the financial assets at fair value and recognises the transaction costs in profit or loss. The Group subsequently measures the financial assets at fair value, and recognises the gain or loss in profit or loss.

D.The Group recognises the dividend income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

(8).Financial assets at fair value through other comprehensive income

A. Financial assets at fair value through other comprehensive income comprise equity securities which are not held for trading, and for which the Group has made an irrevocable election at initial recognition to recognise changes in fair value in other comprehensive income and debt instruments which meet all of the following criteria:

(a). The objective of the Group’s business model is achieved both by collecting contractual cash flows and selling financial assets;

(b). The assets’ contractual cash flows represent solely payments of principal and interest.

B. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognised and derecognised using trade date accounting.

C. At initial recognition, the Group measures the financial assets at fair value plus transaction costs. The Group subsequently measures the financial assets at fair value:

(a). The changes in fair value of equity investments that were recognised in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the investment. Dividends are recognised as other income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

(b). Changes in the fair value of debt instruments are recognized in other comprehensive profit and loss. Impairment losses, interest income and foreign currency exchange gains and losses before delisting are recognized in profit and loss. At the time of delisting, the accumulated gains or losses previously recognized in other comprehensive profit or loss. Reclassify from equity to profit or loss.

(9).Financial assets at amortised cost

A.Financial assets at amortised cost are those that meet all of the following criteria:

(a).The objective of the Group's business model is achieved by collecting contractual cash flows.

(b).The assets' contractual cash flows represent solely payments of principal and interest.

B.On a regular way purchase or sale basis, financial assets at amortised cost are recognised and derecognised using trade date accounting.

C.The Group measures it based on its fair value at the time of original recognition, and subsequently uses the effective interest method to recognize interest income and impairment losses during the circulation period according to the amortization procedure, and recognizes its benefits or losses in profit or loss.

D.The Group's time deposits which do not fall under cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

(10).Notes, accounts and receivables

A.Notes and account receivable entitle the Group a legal right to receive consideration in exchange for transferred goods or rendered services.

B.The short-term notes receivable, accounts receivable and other receivables without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(11).Impairment of financial assets

For debt instruments measured at fair value through other comprehensive income and financial assets at amortised cost including accounts receivable or contract assets that have a significant financing component at each reporting date, the Group recognises the impairment provision for 12 months expected credit losses if there has not been a significant increase in credit risk since initial recognition or recognises the impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable information that includes forecasts. On the other hand, for accounts receivable or contract assets that do not contain a significant financing component, the Group recognises the impairment provision for lifetime ECLs.

(12).Derecognition of financial assets

The company will exclude financial assets when one of the following conditions is met:

A.The contractual right to receive cash flows from the financial asset expires.

B.Transfers the contractual rights to receive cash flows from a financial asset and has transferred substantially all risks and rewards of ownership of the financial asset.

C.Transfers the contractual rights to receive cash flows from a financial asset without retaining control of the financial asset.

(13).Operating leases (lessor) - operating leases

Lease income from an operating lease (net of any incentives given to the lessee) is recognised in profit or loss on a straight-line basis over the lease term.

(14).Inventories

The inventories include “land held for construction”, “construction in progress”, and “buildings and land held for sale” are initially recorded at cost. The Consolidated Company’s inventory is measured at the lower of cost and net realisable value, adopts an item-by-item approach in comparing cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course, less the estimated cost of goods available for sales and applicable variable selling expenses.

(15).Property, plant and equipment

A.Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalized.

B. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

C. Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. Each part of an item of property, plant, and equipment with a cost that is significant in relation to the total cost of the item must be depreciated separately.

D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors', from the date of the change. The estimated useful lives of property, plant and equipment are as follows:
Buildings 50~55 years
Office equipment0 3 ~ 5 years
Other equipment 3 ~ 5 years
Leasehold Improvements0 2 ~ 5 years

(16). Leasing arrangements (lessee) - right-of-use assets/ lease liabilities

A. Leases are recognised as a right-of-use asset and a corresponding lease liability at the date at which the leased asset is available for use by the Group. For short-term leases or leases of low- value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.

B. Lease liabilities include the net present value of the remaining lease payments at the commencement date, discounted using the incremental borrowing interest rate. Fixed payments, less any lease incentives receivable.

The Group subsequently measures the lease liability at amortised cost using the interest method and recognises interest expense over the lease term. The lease liability is remeasured and the amount of remeasurement is recognised as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.

C. At the commencement date, the right-of-use asset is stated at cost. The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's useful life or the end of the lease term. When the lease liability is remeasured, the amount of remeasurement is recognised as an adjustment to the right-of-use asset.

D. For lease modifications that decrease the scope of the lease, the lessee shall decrease the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease, and recognise the difference between remeasured lease liability in profit or loss.

(17). Intangible assets

A. Computer software is stated at cost and amortised on a straight-line basis over its estimated useful life of 3 years.

B. Goodwill arises in a business combination accounted for by applying the acquisition method.

C. Patents amortised on a straight-line basis over its estimated useful life of 10 years.

D. Customer relationship has a finite useful life and are amortised on a straight-line basis over their estimated useful lives of 3 ~ 4 years.

E. Technological expertise amortised on a straight-line basis over its estimated useful life of 15 years.

(18).Impairment of non-financial assets

A.The Group assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. Except for goodwill, when the circumstances or reasons for recognising impairment loss for an asset in prior years no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortised historical cost would have been if the impairment had not been recognised.

B.The recoverable amounts of goodwill are evaluated periodically. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment loss of goodwill previously recognised in profit or loss shall not be reversed in the following years.

C.For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units or groups of cash-generating units (referred to as "cash-generating units") that is expected to benefit from the synergies of the combination.

(19).Borrowings

Borrowings comprise long-term and short-term bank borrowings and other long-term and short- term loans. Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

(20).Notes, accounts and payable

A.It refers to debts incurred due to the purchase of goods or services on credit and bills payable arising from business and non-business.

B. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(21)Financial liabilities measured at fair value through profit or loss

A. It refers to financial liabilities that are incurred with the main purpose of repurchasing them in the near future and are held for trading except for derivatives that are designated as hedging instruments in accordance with hedging accounting.

B. The Group measures it at fair value when initially recognized, and the relevant transaction costs are recognized in profit or loss. Subsequently, it is measured at fair value, and its benefits or losses are recognized in profit or loss.

(22).Derecognition of financial liabilities

Financial liability is derecognised when the obligation specified in the contract is either discharged or cancelled or expire.

(23) Non-hedging Derivative Instruments and Embedded Derivative Instruments

A. Non-hedging derivative instruments are initially measured at fair value as of the contract date. They are subsequently measured at fair value through profit or loss, consistent with financial assets or liabilities measured at fair value through profit or loss. Any resulting gains or losses are recognized in the income statement.

B. For financial assets that are hybrid contracts with embedded derivatives, their classification at initial recognition is determined based on the terms of the contract. The entire hybrid instrument is classified as financial assets measured at fair value through profit or loss, financial assets measured at fair value through other comprehensive income, or financial assets measured at amortized cost.

C. The embedded derivative in a non-financial asset hybrid contract is assessed at initial recognition according to the terms of the contract to determine whether its economic characteristics and risks are closely related to those of the host contract, thereby deciding on its separation treatment. If closely related, the entire hybrid instrument is accounted for based on its nature using appropriate criteria. If not closely related, the derivative and host contract are separated: the derivative is accounted for separately, and the host contract is accounted for based on its nature using appropriate criteria; or the entire instrument is designated at inception as a financial liability measured at fair value through profit or loss.

(24).Provisions

Provisions for war liability are recognized when the Group h4as a present legal or constructive obligation as a result of past rvrnts, an it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation on the balance sheet date, which is discounted using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risks specific to the obligation. Provisions are not recognized for future operating losses.

(25).Employee benefits

A.Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognised as expense in that period when the employees render service.

B.Pensions

Defined contribution plans

For defined contribution plans, the contributions are recognised as pension expense when they are due on an accrual basis. Prepaid contributions are recognised as an asset to the extent of a cash refund or a reduction in the future payments.

C. Employees' compensation and directors' remuneration

Employees' compensation and directors' remuneration are recognised as expense and liability, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates.

(26). Income tax

A. The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or items recognised directly in equity, in which cases the tax is recognised in other comprehensive income or equity.

B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.

C. Deferred income tax is recognised, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated balance sheet. Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

D.Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised. At each balance sheet date, unrecognised and recognised deferred income tax assets are reassessed.

E.Current income tax assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. Deferred income tax assets and liabilities are offset on the balance sheet when the entity has the legally enforceable right to offset current tax assets against current tax liabilities and they are levied by the same taxation authority on either the same entity or different entities that intend to settle on a net basis or realise the asset and settle the liability simultaneously.

F.The interim period income tax expense is recognised based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax income of the interim period, and the related information is disclosed accordingly.

G. If a change in tax rate is enacted or substantively enacted in an interim period, the Group recognises the effect of the change immediately in the interim period in which the change occurs. The effect of the change on items recognised outside profit or loss is recognised in other comprehensive income or equity while the effect of the change on items recognised in profit or loss is recognised in profit or loss.

(27).Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or stock options are shown in equity as a deduction, net of tax, from the proceeds.

(28).Dividends

Dividends are recorded in the Company’s financial statements in the period in which they are resolved by the Company’s shareholders. Cash dividends are recorded as liabilities; stock dividends are recorded as stock dividends to be distributed and are reclassified to ordinary shares on the effective date of new shares issuance.

(29).Revenue recognition

A. Income from sale of real estate

The Group's main business is land development and real estate sales, and revenue is recognized when control of the real estate is transferred to customers. For a signed real estate sales contract, based on the restrictions of the contract terms, the real estate has no other use for the Group until the legal ownership of the real estate is transferred to the customer. , the Group only has enforceable rights over the contract payments, therefore revenue is recognized at the point when legal ownership and control are transferred to the customer.

B. Revenue from information software services

(a).The Group provides the design, importation, and maintenance of information software and related services. Revenue from services is recognized as income during the period of financial reporting when services are provided to clients. Revenue is recognized in the ratio of services provided accounting for all services that should be provided as of the balance sheet date. The contract price is paid by the client as per the payment schedule established in the contract. A contract asset is recognized when the value of the Group’s service exceeds the accounts receivables. A contract liability is recognized when the accounts receivables exceed the Group’s service.

(b).The Group's estimations for revenue, costs and stage of completion are adjusted accordingly. Any variation of estimated revenue or costs arising from change of estimations isreflected in profit or loss in the period when the condition for change of estimation is made known to the management.

(30).Operating segments

The Group's operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker. The Chief Operating Decision-Maker is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

5 ◦ CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY

The preparation of these consolidated financial statements requires management to make critical judgements in applying the Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and the related information is addressed below:

(1).Critical judgements in applying the Group's accounting policies Gross or net revenue recognition

The Group decides whether the promise to the client is its own performance obligation to provide certain goods or services (i.e., the Group is in charge) or whether it is an arrangement for another party to provide such goods or labor performance obligations based on the type of transaction and its economic substance (i.e. the Group acts as a proxy). When the Group controls specific goods or services prior to transferring them to a client, it is in charge, and the total amount of consideration expected to be entitled to the transfer of specific goods or services is recorded as revenue. If the Group does not have control over the particular goods or services before they are transferred to the client, it acts as the other party's agent and makes arrangements for them to be provided to the client, and is then entitled to payment from the latter. Commissions and fees are regarded as earnings.

The Group decides whether certain goods or services are controlled before being transferred to the client based on the following indicators:

A. The Group is principally in charge of providing the specific goods or services as promised.

B. The Group takes on inventory risk before specific goods or services are delivered to the client or after the transfer of control.

C. Have the discretion to set prices for specific goods or services.

(2). Critical accounting estimates and assumptions

Financial assets at fair value through other comprehensive income - the shares of unlisted companies measured at fair value.

The Group's investments in securities of other unlisted companies at fair value through other comprehensive income, the fair values are measured with reference to the valuation of comparable companies, company technology development, market condition and other economic indicators. Any change of determination and estimation can affect the measurement at fair value. Please refer to Note 12 (3) for the details of fair value of financial instruments.

The carrying amount of the group's unlisted TWSE/TPEx stocks with no active market was NT$1,393,575 as of March 31, 2024.

6 ◦ DETAILS OF SIGNIFICANT ACCOUNTS

(1). Cash and cash equivalents

	March 31, 2024	December 31, 2023	March 31, 2023
Cash on hand and petty	$ 1,483	$ 1,487	$ 1,520
Checking accounts and	118,916	144,419	166,478
Time deposits	33,073	87,240	129,000
	$ 153,472	$ 233,146	$ 296,998

A. The Group transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.

B. The Group has not pledged cash or cash equivalents.

(2). Financial assets at fair value through profit or loss

Items	March 31, 2024	December 31, 2023	March 31, 2023
Current items：			
Mandatorily measured at FVTPL			
Listed (TSE) stocks	$ 40,616	$ 8,374	$ 65,328

Information relating to the Group’s property, plant and equipment pledged to others as collaterals are provided in Note 8.

(8).Leasing arrangements - lessee

A.The Group leases various assets including buildings, transportation equipment. Rental contracts are typically made for periods of 2 to 5 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.

B.Short-term leases with a lease term of 12 months or less comprise of buildings. Low-value assets comprise of office equipment and other equipment.

C.The carrying amount of right-of-use assets and the depreciation charge are as follows：

	March 31, 2024	December 31, 2023	March 31, 2023
	Carrying Amount	Carrying Amount	Carrying Amount
land (parking lot)	$ 389	$ -	$ -
Buildings	21,236	24,611	34,737
Transportation equipment	1,180	1,349	1,854
	$ 22,805	$ 25,960	$ 36,591

	January 1, 2024- March 31, 2024	January 1, 2023- March 31, 2023
	Depreciation charge	Depreciation charge
land (parking lot)	$ 56	$ -
Buildings	3,375	3,375
Transportation equipment	169	185
	$ 3,600	$ 3,560

D. From January 1 to March 31, 2024 and 2023, the additions to right-of-use assets were $445 and $746, respectively.

E.The information on income and expense accounts relating to lease contracts is as follows:

	January 1, 2024- March 31, 2024	January 1, 2023- March 31, 2023
Items affecting profit or loss		
Interest expense on lease liabilities	$ 94	$ 142
Expense on short-term lease contracts	104	192
Expense on leases of low-value assets	40	27

F.For the three-month periods ended March 31,2024 and 2023, the Group’s total cash outflow for leases amounted to $3,895 and $3,922, respectively.

	$ 9,279	$ 32,583	$ 15,846	$ 10,585	$ 3,550	$ 71,843

The goodwill of the Group is allocated to cash-generating units identified at the operating segment level. The Group engages external valuation firms annually to perform impairment assessment tests, where the recoverable amount is assessed based on the value in use, derived from the management's estimated pre-tax cash flow forecasts over a five-year financial budget period. As of December 31, 2023, the recoverable amount calculated based on the value in use exceeded the carrying amount, hence no impairment of goodwill was recognized.

(10).Refundable deposits

(15).Pension

A.Effective July 1, 2005, the Company have established a defined contribution pension plan (the “New Plan”) under the Labor Pension Act (the“Act”), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company contribute monthly an amount based on 6% of the employees’ monthly salaries and wages to the employees’ individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.

B.The pension costs and expenses under defined contribution pension plans of the Group for the three-month periods ended March 31,2024 and 2023 were $1,289 and $1,344, respectively.

(16).Capital stock

As of March 31, 2024, the Company’s authorized capital was $6,000,000, and the paid-in capital was $ 1,853,422, consisting of 185,342 thousand shares of common stocks with a par value of NT$10 (in dollars) per share. All proceeds from shares issued have been collected.

(17).Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Law requires that the amount of capital surplus to be capitalised mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

	2024		
	Adjustments to share of changes in equity of associates and joint ventures	Expired unclaimed dividends	Total

Dividends paid to Expired unclaimed	-	(5)	(5)
At March 31	$ 30,861	$ 12,901	$ 43,762

(18).Retained earnings

A.According to the Company’s Articles of Incorporation, if there is any profit for a fiscal year, the Company shall first make provision for all taxes and cover prior years’ losses and then appropriate 10% of the residual amount as legal reserve. Dividends shall be resolved by the stockholders.

B. The Company’s dividend policy is to distribute stock dividends or cash dividends with the earnings net of the capital required for future years that is estimated and retained based on the Company’s future capital budget planning.

C.Legal reserve Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company’s paid-in capital.

D.(a).In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.

(b). After the company has utilized, disposed of, or reclassified assets related to the Special Surplus Reserve provided by the letter of Jin-Guan-Zheng-Fa-Zi No. 1090150022 dated March 31, 2021, the original provision must be made in accordance with IFRS. If the assets aforementioned are investment real estate, the land portion must be reversed upon disposal or reclassification, and the non-land portion must be reversed on a period-by-period basis during the period of use.

E.On May 31, 2023, the company passed the resolution of the shareholders' meeting in 2022 as follows:

	Year ended December 31, 2022	
	Amount	Dividend per share (in dollars)
Accrual of legal reserve	$ 9,392	
Appropriation of cash dividends to shareholders	92,671	$ 0.50
Total	$ 102,064	

F. The company resolved by the board of directors on March 15,2024, to approve the profit distribution for the fiscal year 2023 as follows:

	Year ended December 31, 2023	
	Amount	Dividend per share (in dollars)
Accrual of legal reserve	$ 9,532	
Appropriation of cash dividends to shareholders	92,671	$ 0.50
Total	$ 102,203	

The above profit distribution proposal for the year 2023 has not been approved by the shareholders' meeting as of May 10, 2024.

Information about the appropriation of earnings as resolved by the Board of Directors and shareholder s will be posted in the “Market Observation Post System” at the website of the Taiwan Stock Exchange.

	$ 30,504	$ 31,095

A.According to the Articles of Incorporation of the Company, when distributing earnings, the Company shall distribute bonus to the employees that account for 0.1%~ 2% and pay remuneration to the directors and supervisors that account for no more than 1% of the total distributed amount.

B.From January 1 to March 31, 2024 employees'compensation was accrued at $61.The aforementioned amount is listed in the account of salary expenses.

From January 1 to March 31, 2023, there was a pre-tax net loss, in accordance with the company's articles of association, excluding provisions for employee compensation and director remuneration.

On March 15, 2024, the Company's Board of Directors resolved to accrue employees' compensation and directors' remunerations amounting to $600 and $900, respectively. The amounts were in agreement with those amounts recognised as salary expenses in the 2023 financial statements.

Information about the appropriation of employees', directors' and supervisors' remuneration by the Company as proposed by the Board of Directors will be posted in the "Market Observation Post System" at the website of the Taiwan Stock Exchange.

(27).Income tax

A.Income tax expense

(a).Components of income tax expense

	January 1, 2024- March 31, 2024	January 1, 2023- March 31, 2023
Current tax：		
Current tax on profits for the period	$ 2,820	$ 1,672
Land value increment tax		1,420
Total current tax	2,820	3,092
Deferred tax：		
Origination and reversal of temporary differences	6,915	2,684
Total deferred tax	6,915	2,684
Income tax expense	$ 9,735	$ 5,776

(b).The income tax (charge)/credit relating to components of other comprehensive income is as Follows：

	January 1, 2024- March 31, 2024	January 1, 2023- March 31, 2023
Changes in fair value of financial assets at fair value through other comprehensive loss	$ 39,006	$ 13,519

B.In accordance with Article 45 of the Business Mergers and Acquisitions Act, with the company as the taxpayer, the business income tax settlement declaration was merged with its subsidiary Pao Fong Asset Management Co., Ltd.

C.The Company's income tax returns through 2021 have been assessed as approved by the Tax Authority.

(28).Earnings per share

	January 1, 2024- March 31, 2024		
	Amount after tax	Weighted average number of ordinary shares outstanding (share in thousands)	Earnings per Share (in dollars)
Basic earnings per share			
Net profit for the current period attributable to the parent company's ordinary shareholders	$ 27,915	185,342	$ 0.15
Diluted earnings per share			
Net profit for the current period attributable to the parent company's ordinary shareholders	$ 27,915	185,342	
Effect of potentially dilutive ordinary shares			
Employees' compensation	-	41	
Net profit for the current period attributable to ordinary shareholders of the parent company plus the impact of potential ordinary shares	$ 27,915	185,383	$ 0.15

	January 1, 2023- March 31, 2023		
	Amount after tax	Weighted average number of ordinary shares outstanding (share in thousands)	Earnings per Share (in dollars)
Basic earnings per share			
Net profit for the current period attributable to the parent company's ordinary shareholders	($ 1,698)	185,342	($ 0.01)
Diluted earnings per share			
Effect of potentially dilutive ordinary shares			
Employees' compensation	-	-	
Net profit for the current period attributable to ordinary shareholders of the parent company as a continuing business unit plus the impact of potential ordinary shares	($ 1,698)	185,352	($ 0.01)

Note: Employee compensation has an anti-dilutive effect and therefore is not included in the calculation of diluted loss per share.

(29).Changes in liabilities from financing activities

	2024

Refundable deposit	851	6,740	-	Project undertaking
	$ 1,850,689	$ 1,695,638	$ 1,687,741	

9 ◦ SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNISED CONTRACT

(1).Contingencies

The Group sold Kwong Fong Plaza to Cathay Life Insurance Co., Ltd. (henceforth Cathay Life Insurance) on January 15, 2021, and the Group signed a "Leasing Contract Succession Agreement" with Decathlon and Cathay Life Insurance to settle utility costs. After amicable negotiations and a written agreement, the parties resolved to settle the rent arrearage of $7,833 for the period of January 1, 2021, through March 31, 2021, by the agreed means other than that specified in the lease agreement. As of September 30, 2021, however, the parties had not yet reached an agreement on the pricing of electricity charges and had not signed a written agreement as required by the tripartite agreement. The Group believes that the negotiations have yielded no results and that the tripartite agreement is no longer applicable; therefore, the terms of this lease agreement shall govern. The group filed for arbitration on November 16, 2021 (the court was held on January 10, 2022) and requested that Decathlon pay the Group's rent receivable of $7,833. In accordance with Article 6.1 of this contract, Decathlon counterclaimed the Group $8,527 for overpaid electricity charges after deducting the "deferred rent" on the basis that the electricity charges were overpaid.

The arbitral tribunal held a substantive hearing on July 28, 2022, at the Chinese Arbitration Association in Taipei (2021 Zhong-Sheng-He-Zi No. 053), and the arbitral tribunal decided that Decathlon shall demand that the Group pay the $1,770 in overcharged electricity charges from January to July 2017 as well as interest at a rate of 5% per year calculated up until the settlement date. According to the arbitral tribunal's decision, the Group estimated on September 30, 2022 to pay $1,770 for the overpaid electricity fee. The compensation was paid on October 26, 2023. However, Decathlon still refuses to pay the remaining balance, showing no willingness to respect the arbitration award. Therefore, on November 9, 2022, the Group applied for a second arbitration to the Arbitration Association pursuant to the arbitration agreement reached in the aforementioned arbitration procedure. The Group seeks Decathlon to pay outstanding rental receivables of $7,833 and the difference of $6,012 between the arbitration compensation for overpaid electricity charges plus interest amounting to $1,821, plus interest calculated at an annual rate of five percent from November 9, 2022, until the date of settlement. Following the arbitration tribunal's decision on September 5, 2023, in Case No. 111 Arbitration Dispute No. 052, the tribunal considered that it lacked jurisdiction over this case and dismissed further consideration. The Group continues to seek possible settlement or pursue litigation to protect the interests of the Group.

(2).Commitments

None.

10。SIGNIFICANT DISASTER LOSS

None.

11。SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE

None.

12。OTHERS

(1).Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders and issue new shares to maintain an optimal capital structure.

Lease liabilities	$ 23,529	$ 26,742	$ 37,477

B. Financial risk management policies

(a). The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk.

(b). Risk management is carried out by the Group's Finance Department under policies approved by the Board of Directors. The Group's Finance Department identifies, evaluates and hedges financial risks in close co-operation with the Group's Operating Department. The Board of Directors provides written principles for overall risk management, as well as written policies covering specific areas and matters, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

C. Significant financial risks and degrees of financial risks

(a). Market risk

Foreign exchange risk

i. The Group's main source of foreign exchange risk is the operational team's net investment of institutions that operate as a team. The Group does not hedge the net investment of foreign operating institutions because it is a strategic investment.

ii. The aggregate amounts of all exchange gains and losses (including realized and unrealized) recognized from significant impact of exchange rate fluctuations on the Group's monetary items in the periods from January 1 to March 31 of 2024 and 2023 are $31,070 and $5,742, respectively.

iii. The Group's businesses involve some non-functional currency operations The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

(Foreign currency: functional currency)	Foreign currency amount	Exchange rate	Carrying Amount Book Value (NTD)
	March 31, 2024

Price risk

i.The Group's equity instruments exposed to price risk consist of financial assets measured at fair value through profit or loss and financial assets measured at fair value through other comprehensive income. To manage the price risk of equity investments, the Group diversifies its investment portfolio according to limits set by the company.

ii. The Group primarily invests in equity instruments issued by domestic and foreign companies, whose prices are influenced by uncertainties regarding the future value of these investments. If the prices of these equity instruments rise or fall by 1%, with all other factors held constant, the after-tax net profit for the period from January 1 to March 31 of 2024 and 2023 would increase or decrease by $426 and $814, respectively, due to gains or losses from equity instruments measured at fair value through profit or loss. Additionally, the gains or losses in other comprehensive income for equity instruments classified as measured at fair value through other comprehensive income would increase or decrease by $26,830 and $25,502, respectively.

Cash flow and fair value interest rate risk

i.The Group's interest rate risk primarily arises from long-term borrowings issued at variable interest rates, exposing the Group to cash flow interest rate risk.

ii. The Group's borrowings are measured at amortized cost and are subject to annual repricing based on contractual agreements, thereby exposing the Group to the risk of future changes in market interest rates.

iii. If the interest rates on foreign currency borrowings rise or fall by 1%, with all other factors held constant, the after-tax net profit for the period from January 1 to March 31 of 2024 and 2023, would decrease or increase by $5,158 and $4,483, respectively. This is primarily due to fluctuations in interest expenses resulting from variable rate borrowings.

(b).Credit risk

i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations.

ii. The Group manages it credit risk based on a Group -oriented system. For corresponding banks and financial institutions, it is set that only those with an independent credit rating equal to or higher than the investment grade can be accepted as trading counterparties. Following the internal credit policies, before setting the terms and conditions for payments and delivery with a new customer, each entity of the Group should assess new customer's credit risk and conduct credit risk management. The internal risk control considers the financial position, past experience and other factors in order to assess the credit quality of customers. Individual risk limits are set based on internal or external ratings in accordance with limits set by the board of directors. The utilization of credit limits is regularly monitored.

iii. The Group adopts following assumptions under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition. If the contract payments were past due over 30 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.

iv. The indicators used by the Group to assess impairment of debt instrument investments are as follows:

(i) The issuer experiences significant financial difficulties or is likely to enter bankruptcy or other financial reorganization;

(ii) The issuer's financial difficulties lead to the disappearance of an active market for the financial asset;

(iii) The issuer delays or defaults on interest or principal payments;

(iv) Adverse changes in national or regional economic conditions leading to issuer default.

v. The Group will use a condensed method based on the characteristics of client ratings and a provision matrix to calculate expected credit losses for client accounts receivable. The expected credit loss rate over the life of the company takes clients' past contract violations and the current financial, industrial, and economic climate into account. Given that the Group's historical credit loss experience does not reveal any major differences in the loss patterns across different customer groups, the provision matrix makes no further differentiation of customer groups and instead computes the expected credit loss rate based on the number of days that accounts receivable are past due.

vi. The Group used the forecastability to adjust historical, timely information, accounts receivable, and overdue receivables. As of March 31, 2024, December 31, 2023 and March 31, 2023, the loss rate methodology is as follows:

March 31, 2024	Not past due	Less than 30 days	31 to 90 days	91 to 180 days	More than 181 days	Total
Expected loss rate	0.03%~0.83%	0.83%	6.14%	20.41%	100%	
Total book value	$ 38,510	$ 1,111	$ 2,190	$ -	$ -	$ 41,811
Loss allowance	($ 201)	($ 9)	($ 134)	$ -	$ -	($ 344)

December 31, 2023	Not past due	Less than 30 days	31 to 90 days	91 to 180 days	More than 181 days	Total
Expected loss rate	0.00%~0.01%	0.00%~0.01%	6.44%	21.41%	100%	
Total book value	$ 36,000	$ 1,265	$ -	$ 1,500	$ 724	$ 39,489
Loss allowance	($ 6)	$ -	$ -	($ 322)	($ 724)	($ 1,052)

	Not past due	Less than 30 days	Less than 60 days	More than 181 days	Total
March 31, 2023					
Expected loss rate	0%	15.60%	16.68%	0%	
Total book value	$ 29,280	$ 1,105	$ 597	($ -)	$ 30,982
Loss allowance	($ 73)	($ 172)	($ 100)	($ -)	($ 345)

vii. Movements in relation to the Group applying the modified approach to provide loss allowance for accounts receivable are as follows:

	2024	2023
At January 1	$ 1,052	$ 205
Provision for impairment	(708)	140
At March 31	$ 344	$ 345

(c).Liquidity risk

i. Cash flow forecasting is performed in the operating entities of the Group and aggregated by Group's Finance Department. Group's Finance Department monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs.

ii. The Group invests surplus cash from all operating units in interest bearing current accounts, time deposits, and choosing instruments with appropriate maturities or sufficient liquidity to provide sufficient head-room as determined by the above-mentioned forecasts.

iii. Detail of the loan credit not yet drawn down by the Group is as follows:

	March 31, 2024	December 31, 2023	March 31, 2023
Floating rate			
Less than 1 year	$ 441,139	$ 1,046,504	$ 774,644
Over 1 years	845,285	341,021	132,526
	$ 1,286,424	$ 1,387,525	$ 907,170

iv. The table below analyses the Group's non-derivative financial liabilities and net-settled or gross-settled derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non- derivative financial liabilities.

Non-derivative financial liabilities:

March 31, 2024	Less than 1 year	Over 1 year
Short-term loans	$ 40,012	$ -
Short-term bills payable	160,008	-
Financial liabilities measured at fair value through profit or loss	4,301	-
Contract liabilities	43,992	-
Notes, accounts payable	6,195	-
Other payables	34,538	-
Lease liabilities	15,006	8,812
Long-term loans (including current portion)	-	576,818

Non-derivative financial liabilities:

December 31, 2023	Less than 1 year	Over 1 year
Short-term loans	$ 40,062	$ -
Short-term bills payable	20,000	-
Contract liabilities	43,341	-
Notes, accounts payable	6,201	-
Other payables	120,423	-
Lease liabilities	14,766	12,334
Long-term loans (including current portion)	-	585,223

Non-derivative financial liabilities:

March 31, 2023	Less than 1 year	Over 1 year
Contract liabilities	$ 24,793	$ -
Notes, accounts	5,693	-
Other payables	54,587	-
Lease liabilities	-	23,149
Long-term loans (including current portion)	-	560,435

(3).Fair value estimation

A.The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows：

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active if it meets all the following conditions:

the items traded in the market are homogeneous; willing buyers and sellers can normally be found at any time; and prices are available to the public. The fair values of the company's investments in domestically and internationally listed stocks, foreign corporate bonds classified as popular securities, and derivatives with publicly quoted prices in active markets are all included.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. It includes the investment in equity instruments without the group's active market.

B.Non-financial instruments measured at fair value

(a).The carrying amounts of cash and cash equivalents, other receivables, short-term borrowings, notes payable, and other payables approximate their fair values.

(b).The methods and assumptions used to estimate fair value are as follows:Investment-grade corporate bonds: Measured using publicly quoted prices in active markets.

C. The related information of financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities are as follows:

(a).The related information of natures of the assets and liabilities is as follows:

March 31, 2024	Level 1	Level 2	Level 3	Total
Assets				
Recurring fair value measurements				
Financial assets at fair value through profit or loss				
Equity securities	$ 42,593	$ -	$ -	$ 42,593
Debt instruments	-	-	150,655	150,655
Derivative instruments	5,392	-	-	5,392
Hybrid instruments	216	-	-	216
Structured Notes	64,006	-	-	64,006
Financial assets at fair value through other comprehensive income				
Equity securities	1,969,100	-	1,242,920	3,212,020
Debt warrants	246,505	-	-	246,505
Total	$ 2,327,812	$ -	$ 1,393,575	$ 3,721,387

LIABILITIES				
Recurring fair value measurements				
Financial liabilities measured at fair value through profit or loss				
Margin trading	$ 4,301	$ -	$ -	$ 4,301

December 31, 2023	Level 1	Level 2	Level 3	Total
Assets				
Recurring fair value measurements				
Financial assets at fair value through profit or loss				
Equity securities	$ 8,940	$ -	$ -	$ 8,940
Derivative instruments	12,119	-	-	12,119
Structured Notes	60,106			60,106
Financial assets at fair value through other comprehensive income				
Equity securities	1,807,015	-	1,163,288	2,970,303
Debt warrants	235,517	-	-	235,517
Total	$ 2,123,697	$ -	$ 1,163,288	$ 3,286,985
LIABILITIES				
Recurring fair value measurements				
Financial liabilities measured at fair value through profit or loss				
Margin trading	$ 56,783	$ -	$ -	$ 56,783

March 31, 2023	Level 1	Level 2	Level 3	Total
Assets				
Recurring fair value measurements				
Financial assets at fair value through profit or loss				
Equity securities	$ 64,924	$ -	$ -	$ 64,924
Derivative instruments	16,458	-	-	16,458
Financial assets at fair value through other comprehensive income				
Equity securities	1,773,840	-	1,279,370	3,053,210
Total	$ 1,855,222	$ -	$ 1,279,370	$ 3,134,592
LIABILITIES				
Recurring fair value measurements				
Financial liabilities measured at fair value through profit or loss				
Margin trading	$ 4,326	$ -	$ -	$ 4,326

(b). The methods and assumptions the Group used to measure fair value are as follows:

i. The instruments the Group used market quoted prices as their fair values (that is, Level 1) are listed below by characteristics:

	Listed shares	Corporate bonds
Market quoted price	Closing price	Weighted average price per hundred units

ii. Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques or by reference to counterparty quotes. The fair value of financial instruments measured by using valuation techniques can be referred to current fair value of instruments with similar terms and characteristics in substance, discounted cash flow method or other valuation methods, including calculated by applying model using market information available at the consolidated balance sheet date (i.e. yield curves on the Taipei Exchange, average commercial paper interest rates quoted from Reuters)

iii. The outputs of valuation models are estimated approximations, and valuation techniques may not reflect all relevant factors related to the financial and non-financial instruments held by the company. Therefore, estimated values from valuation models are appropriately adjusted based on additional parameters such as model risk or liquidity risk. According to the company's fair value measurement policies and related control procedures, management believes that adjustments to fair values are necessary and appropriate to fairly represent the fair values of financial and non-financial instruments in the consolidated balance sheet. Price information and parameters used in the valuation process are carefully evaluated and adjusted as appropriate based on current market conditions.

iv. The Group incorporates credit risk adjustments into the fair value calculations of financial and non-financial instruments to separately reflect counterparty credit risk and the Group's credit quality.

D. There were no transfers between Level 1 and Level 2, for the three-month periods ended March 31,2024 and 2023.

E.The following chart is the movement of Level 3 for the three-month periods ended March 31,2024 and 2023:

	2024	
	Equity Securities-Unlisted shares	Debt instruments-Preferred stock
At January 1	$ 1,163,288	$ -
Current period purchases	-	150,000
Unrealized gains and losses on debt instrument investments measured at fair value through profit or loss	-	655
Unrealized gains and losses on equity instrument investments measured at fair value through other comprehensive income	31358	
Effect of exchange rate changes	48,274	-
At March 31	$ 1,242,920	$ 150,655

	2023	
	Equity Securities-Unlisted shares	Debt instruments-Preferred stock
At January 1	$ 1,375,254	$ -
Unrealized gains and losses on equity instrument investments measured at fair value through other comprehensive income	(84,310)	
Effect of exchange rate changes	(11,574)	-
At March 31	$ 1,279,370	$ -

F.There were no transfers into or out of Level 3, for the three-month periods ended March 31,2024 and 2023.

G.The Group is in charge of valuation procedures for fair value measurements being categorised within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, performing back-testing, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.

H.The following is the qualitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement：

	Fair value at March 31, 2024	Valuation technique	Significant unobservable input	Relationship of inputs to fair value
Non-derivative equity instrument：				
Unlisted shares	$ 1,232,236	Market comparable companies	Discount for lack of marketability	The higher the weighted average cost of capital and discount for lack of control, the lower the fair value
"	10,684	Net asset value	〃	The higher the control and discount for lack of control, the lower the fair value
	$ 1,242,920			
Debt instruments:				
Preferred stock	$ 150,655	Cash flow analysis	Discount rate, liquidity discount	The higher the discount rate, the lower the fair value; the higher the liquidity discount, the lower the fair value.

	Fair value at December 31, 2023	Valuation technique	Significant unobservable input	Relationship of inputs to fair value
Non-derivative equity instrument：				
Unlisted shares	$ 1,150,860	Market comparable companies	Discount for lack of marketability	The higher the weighted average cost of capital and discount for lack of control, the lower the fair value
"	12,428	Net asset value	"	The higher the control and discount for lack of control, the lower the fair value
	$ 1,163,288			

	Fair value at March 31, 2023	Valuation technique	Significant unobservable input	Relationship of inputs to fair value
Non-derivative equity instrument：				
Unlisted shares	$ 1,266,790	Market comparable companies	Discount for lack of marketability	The higher the weighted average cost of capital and discount for lack of control, the lower the fair value
"	12,580	Net asset value	"	The higher the control and discount for lack of control, the lower the fair value
	$ 1,279,370			

I.The Group has carefully assessed the valuation models and assumptions used to measure fair value. However, use of different valuation models or assumptions may result in difference measurement. The following is the effect of profit or loss or of other comprehensive income from financial assets categorised within Level 3 if the inputs used to valuation models have changed :

March 31, 2024

	Input	Change	Recognised in profit or loss: Favourable change	Recognised in profit or loss: Unfavourable change	Recognised in other comprehensive income: Favourable change	Recognised in other comprehensive income: Unfavourable change
Financial assets						
Equity instrument						
Unlisted shares	discount for lack of marketability	±1%	$ -	$ -	$ 12,605	($ 12,598)
Debt instruments:						
Preferred stock	Discount rate, discount for lack of marketability	±1%	6,016	(5,731)	-	-
Total			$ 6,016	($ 5,731)	$ 12,605	($ 12,598)

December 31, 2023

	Input	Change	Recognised in profit or loss: Favourable change	Recognised in profit or loss: Unfavourable change	Recognised in other comprehensive income: Favourable change	Recognised in other comprehensive income: Unfavourable change
Financial assets						
Equity instrument						
Unlisted shares	discount for lack of marketability	±1%	$ -	$ -	$ 12,232	($ 12,228)

March 31, 2023

	Input	Change	Recognised in profit or loss: Favourable change	Recognised in profit or loss: Unfavourable change	Recognised in other comprehensive income: Favourable change	Recognised in other comprehensive income: Unfavourable change
Financial assets						
Equity instrument						
Unlisted shares	discount for lack of marketability	±1%	$ -	$ -	$ 11,550	($ 11,550)

13。SUPPLEMENTARY DISCLOSURES

(1).Significant transactions information

A.Loans to others: None.

B.Provision of endorsements and guarantees to others: Please refer to table 1.

C.Holding of marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Please refer to table 2.

D.Acquisition or sale of the same security with the accumulated cost exceeding $300 million or 20% of the Company's paid-in capital: None.

E.Acquisition of real estate reaching $300 million or 20% of paid-in capital or more: None.

F.Disposal of real estate reaching $300 million or 20% of paid-in capital or more: None.

G.Purchases or sales of goods from or to related parties reaching $100 million or 20% of paid-in capital or more: None.

H.Receivables from related parties reaching $100 million or 20% of paid-in capital or more: None.

I.Trading in derivative instruments undertaken during the reporting periods: Note 6(2)

J.Significant inter-company transactions during the reporting periods: Please refer to table 3

(2).Information on investees

Names, locations and other information of investee companies (not including investees in Mainland China)：Please refer to table 4

(3).Information on investments in Mainland China

A.Basic information: None.

B.Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area: None.

(4).Information of major shareholder

Information of major shareholder: Please refer to table 5

１４。SEGMENT INFORMATION

(1).General information

Aimed at management, the Group’s operating units are divided into the five reportable departments listed below, based on the products and services offered:

A.Kwong Fong Department : Specialized investment business.

B.Pao Fong Asset Management Department: Real estate development, construction, property management, and the tourism service industry.

C.Kwong Fong Holdings Department: Overseas asset investment business.

D. Digital Technology department: Information Software Services.

(2).Measurement of segment information

The Group evaluates the performance based on segment revenue and segment net operating profit (loss).

The accounting policies of the reportable operating segments is in a manner consistent with the significant accounting policies provided in Note 4.

(3).Segment information

The segment information provided to the chief operating decision-maker for the reportable segments is as follows：

January 1,2024 to March 31, 2024	Kwong Fong Department	Pao Fong Asset Management Department	Kwong Fong Holdings Department	Digital Technology Department	Adjustments and written-off	Total
Revenue：						
Revenue from external customers	$ 114	$ 100	$ -	$ 78,894	$ -	$ 79,108
Revenue from internal customers	-	-	-	3,850	(3,850)	-
Segment revenue	$ 114	$ 100	$ -	$ 82,744	($ 3,850)	$ 79,108
Segment profit (loss)(Note)	$ 7,856	($ 4,604)	$ 20,568	$ 17,129	($ 40)	$ 40,909
Share of income (loss) of associates and joint ventures accounted for using equity method	21,854	-	-	-	(21,854)	-
Depreciation and amortisation	(1,794)	(19)	-	(4,723)	(781)	(7,317)
Segment profit (loss)	27,916	(4,623)	20,568	12,406	(22,675)	33,592
Segment assets	$ 4,316,063	$ 872,543	$ 1,996,740	$ 228,926	($ 2,559,885)	$ 4,854,387
Segment liabilities	$ 591,533	$ 84,760	$ 285,467	$ 90,238	$ 3,090	$ 1,055,088

Note: Excludes the share of profit and loss recognized using the equity method and depreciation and amortization.

January 1, 2023 to March 31, 2023	Kwong Fong Department	Pao Fong Asset Management Department	Kwong Fong Holdings Department	Digital Technology Department	Adjustments and written-off	Total
Revenue：						
Revenue from external customers	$ 114	$ 23,433	$ -	$ 56,683	$ -	$ 79,230
Revenue from internal customers	-	-	-	3,679	(3,679)	-
Segment revenue	$ 114	$ 23,433	$ -	$ 59,362	($ 3,679)	$ 79,230
Segment profit (loss) (Note)	($ 805)	$ 450	($ 23)	$ 6,790	$ 35	$ 6,447
Share of income (loss) of associates and joint ventures accounted for using equity method	1,002	-	-	-	(1,002)	-
Depreciation and amortisation	(1,895)	(35)	-	(4,191)	(1,299)	(7,420)
Segment profit (loss)	(1,698)	415	(23)	2,599	(2,266)	(973)
Segment assets	$ 4,265,443	$ 915,863	$ 1,255,512	$ 174,379	($ 2,126,743)	$ 4,484,454
Segment liabilities	$ 676,536	$ 92,463	$ -	$ 71,341	($ 11,930)	$ 828,410

Note: Excludes the share of profit and loss recognized using the equity method and depreciation and amortization.

(4).Reconciliation for segment income (loss)

The revenue from external parties reported to the chief operating decision-maker is measured in a manner consistent with that in the statement of comprehensive income.

The profit and loss of department portals in 2024 and January 1, 2023-March 31, 2023 of the Republic of China and the profit and loss before deduction of subsequent business departments are adjusted as follows:

	January 1, 2024- March 31, 2024	January 1, 2023- March 31, 2023
Reportable Segment Profit and Loss	$ 3,616	($ 4,364)
Non-operating income and expenses	39,711	9,167
Continuing operations profit (loss) before income tax	$ 43,327	$ 4,803

Kwong Fong Industries Corporation and Subsidiaries
Provision of endorsements and guarantees to other

Number (Note 1)	Endorser / Guarantor	Party being endorsed/guaranteed		Limit on endorsements / guarantees provided for a single party (Note 3)	Maximum outstanding endorsement / guarantee amount as of December 31, 2021 (Note 4)	Outstanding endorsement/ guarantee amount at December 31, 2021 (Note 5)	Actual amount drawn down (Note 6)	Amount of endorsement /guarantees secured with collateral	Ratio of accumulated endorsement/ guarantee amount to net asset value of the endorser/ guarantor company	Ceiling on total amount of endorsements / guarantees provided (Note 3)	Provision of endorsements/ guarantees by parent company to subsidiary (Note 7)	Provision of endorsements / guarantees by subsidiary to parent company (Note 7)	Provision of endorsements / guarantees to the party in Mainland China (Note 7)	Footnote
		Company name	Relationship with the endorser/ guarantor (Note 2)											
0	Kwong Fong Industries Corporation	Galaxy Digital Co., Ltd.	2	$ 3,724,531	$ 50,000	$ 50,000	$ 20,000	$ -	1.34	$ 3,724,531	Y	N	N	Note 8

Note 1: The numbers filled in for the endorsements/guarantees provided by the Company or subsidiaries are as follows:
(1)The Company is ‘0’
(2)The subsidiaries are numbered in order starting from ‘1’

Note 2: Relationship between the endorser/guarantor and the party being endorsed/guaranteed is classified into the following six categories; fill in the number of category each case belongs to:
(1) Having business relationship.
(2) The endorser/guarantor parent company directly and indirectly owns more than 50% voting shares of the endorsed/guaranteed company.
(3) The endorsed/guaranteed parent company directly and indirectly owns more than 50% voting shares of the endorser/guarantor subsidiary.
(4) The parent company directly or indirectly owns more than 90% voting shares of the companies that make endorsements/guarantees for each other.
(5) The parent company fulfills its contractual obligations by providing mutual endorsements/guarantees for another company in the same industry or for joint builders for purposes of undertaking a construction project.
(6) Due to joint venture, all capital contributing shareholders make endorsements/guarantees to the endorsed/guaranteed company in proportion to its ownership.
(7) Companies in the same industry provide among themselves joint and several security for a performance guarantee of a sales contract for pre-construction homes pursuant to the Consumer Protection Act for each other.

Note 3: Fill in limit on endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided as prescribed in the endorser/guarantor company’s “Procedures for Provision of Endorsements and Guarantees”, and state each individual party to which the endorsements/guarantees have been provided and the calculation for ceiling on total amount of endorsements/guarantees provided in the footnote.

Note 4: Fill in the year-to-date maximum outstanding balance of endorsements/guarantees provided as of the reporting period.

Note 5: Fill in the amount approved by the Board of Directors or the chairman if the chairman has been authorized by the Board of Directors.

Note 6: Fill in the actual amount of endorsements/guarantees used by the endorsed/guaranteed company.

Note 7: Fill in ‘Y’ for those cases of provision of endorsements/guarantees by listed parent company to subsidiary, provision by subsidiary to listed parent company, and provision to the party in Mainland China

Note 8: According to the company's "fund loan and endorsement guarantee operation procedures"
1. The limit of endorsement guarantee for individual objects is limited to 100% of the net value of the latest financial statement.
2. The maximum amount of external endorsement guarantee is the same as the limit of endorsement guarantee for individual objects

Note 1: Marketable securities in the table refer to stocks, bonds, beneficiary certificates and other related derivative securities within the scope of IFRS9, 'Financial instruments: recognition and measurement'

Note 2: Leave the column blank if the issuer of marketable securities is non-related party.

Note 3: Fill in the amount after adjusted at fair value and deducted by accumulated impairment for the marketable securities measured at fair value; fill in the acquisition cost or amortised cost deducted by accumulated impairment for the marketable securities not measured at fair value.

Note 4: Our company pledges financial assets for borrowing purposes.

Kwong Fong Industries Corporation and Subsidiaries
Significant inter-company transactions during the reporting periods
January 1 to March 31, 2024

Table 3

Expressed in thousands of shares/thousands of TWD

Number (Note 1)	Company name	Counterparty	Relationship (Note 2)	Transaction			
				General ledger account	Amount	Transaction terms	Percentage of consolidated total operating revenues or total assets (Note 3)
1	Mdbs Digital Technology Co., Ltd.	Galaxy Digital Co., Ltd.	3	Project income	3,150	Note4	3.98%
“	Galaxy Digital Co., Ltd.	Mdbs Digital Technology Co., Ltd.	“	Project cost	2,250	“	2.84%

Note 1: The numbers filled in for the transaction company in respect of inter-company transactions are as follows：

(1). Parent company is ‘0’.

(2) .The subsidiaries are numbered in order starting from '1'.

Note 2: Relationship between transaction company and counterparty is classified into the following three categories; Fill in the number of category each case belongs to (If transactions between parent company and subsidiaries or between subsidiaries refer to the same transaction, it is not required to disclose twice. For example, if the parent company has already disclosed its transaction with a subsidiary, then the subsidiary is not required to disclose the transaction; for transactions between two subsidiaries, if one of the subsidiaries has disclosed the transaction, then the other is not required to disclose the transaction.):

(1) Parent company to subsidiary.

(2) Subsidiary to parent company.

(3) Subsidiary to subsidiary.

Note 3: Regarding percentage of transaction amount to consolidated total operating revenues or total assets, it is computed based on period-end balance of transaction to consolidated total assets for balance sheet accounts and based on accumulated transaction amount for the period to consolidated total operating revenues for income statement accounts.

Note 4: Terms are approximately the same as for general transactions.
